LLOYD'S

Here are 3 Reasons why you need to be there:

1. Join like-minded leaders championing change.
2. Be seen taking action to tackle race inequality.
3. Learn what ethnically diverse employees across the UK need leaders to do.

The Agenda:

Item 1. A Chance for Change Makers to Learn

As a leader, share career guidance that can help ethnically diverse employees get to the top.

Item 2. Share how you #ListenActChange

Share what your organisation is doing to tackle race inequality.

Item 3. A Chance for Leaders to Learn

Hear from ethnically diverse employees what leaders can do to support race equality.

In today's world, no leader can stand aside and hope that events will solve problems for us. But we don't have to do it alone. The starting point is for us to share our insights, and support everyone who wants to make our workplaces better and more productive. I look forward to listening to the wealth of wisdom shared.

Sir Trevor Phillips - Chair of Change the Race Ratio

This is a once in a lifetime opportunity. Don't be the leader left behind.
